This permit application must be accompanied by one(1) copy of a plot plan that preferably has been drawn by a registered professional land surveyor. The plot plan should show the footprint of the proposed construction area(s), existing structures, property boundaries, building restriction lines, setbacks, easements, and right-of-ways. Also to be included are copies of floor plans, elevation drawings and/or a detailed written description of the scope of work to be performed.

This permit is issued on the express condition that the above work shall conform in all respects to the statements certified to in the application for such permit, and that all work shall be done in accordance with all applicable zoning, building, electrical, plumbing and mechanical ordinances of the City of Cammack Village and the State of Arkansas. I/we further acknowledge receipt of copies of the Cammack Village Housing Code and Standards for Building or Altering Structures.

For any work pertaining to the installation of new or modification of existing water supply, natural gas or waste lines a Plumbing Permit must be obtained from the City of Little Rock, Department of Neighborhoods and Planning Building Codes Division. A copy of the approved permit application must be delivered by the contractor or owner listed above to the attention of the Cammack Village Building Inspector.

If a variance to the building ordinance is required to perform the scope of work as described above, all of the requirements for requesting such a variance must be met and on file with the City Clerk, and the request approved by the Board of Adjustments before a building permit will be issued.

I/we further agree to abide by the applicable conditions as printed on the permit card. I/we further certify that we have read and understand the requirements of this permit and that all statements made by us in securing this permit are true and complete to the best of our knowledge.
